

After 30 years of service, the Gateway Mission Board of Directors want to say THANK YOU to Darryl Bartlett for his dedication to God's mission! The Mission is what it is today thanks to your faithful support and the decades of vision and leadership that Darryl has given to this organization.

As a Board, we are committed to guiding the Mission in a way that serves our community and those that seek our services in a biblical and God-honoring way. That commitment extends to identifying and hiring the next Executive Director for Gateway Mission.

The Board of Directors has appointed Jay Riemersma as Interim Executive Director. A search committee will engage in a process of identifying a long-term leader in the coming months.

We have some important work to do, and yet we believe that this is God's Mission which we are merely stewarding, and he will provide for our needs in his timing.

A Retirement Celebration Open House will be held for Darryl in the Spring of 2023. In the meantime, please visit www.hopefoundhere.org/CelebrateDarryl to leave a message of congratulations for Darryl and to access more information about the upcoming celebration, when it is available.

Seeking God in this Transition,

The Gateway Board of Directors
